

17 April 1951

MEMORANDUM FOR: Legislative Counsel

FROM: Deputy Personnel Director

1. Reference is made to your memorandum of 12 April 1951 relative to carry-over of 1950 annual leave beyond the 30 June 1951 deadline. Inasmuch as supporting data have been obtained from other sources, there is little information this office can furnish beyond the rather obvious pros and cons which have already been discussed.

2. It is believed the current workload of the various offices will not permit granting of all leave by the present deadline. There does not appear to be any greater justification for repealing the present prohibition in the case of 1950 leave.

3. It is believed desirable that the Agency adopt a position favorable to enactment of H. R. 245.
